

## RESIDENT BLUES

### DJ T-Ina Darling

I've got to move  
I've got to change neighbourhood

Yes I've got to move  
I've got to change neighbourhood

I will have money in my hand  
I tell you I was chosen for this superficial grant  
It took every dime I had  
to apply for this grant  
It is hard for me to survive  
I can't even pay the rent

That's why now I've got to move  
I've got to change neighbourhood  
In a year I am back  
And I hope by then I am doing good

The money that I gonna get  
Would be at home more than I've ever had  
But in this foreign land  
again it will be hard to meet ends

I've got to move  
I've got to change neighbourhood

Yes I've got to move  
I've got to change neighbourhood

I gonna miss my baby who is staying home  
I am leaving home gonna be all alone  
The language I don't understand  
In this new foreign land.

I've got to move  
I've got to change neighbourhood  
In a year I am back  
And I hope by then I am doing good
